DX11: 3DMark FireStrike

3DMark includes everything you need to benchmark your hardware. With three all new tests you can bench everything from smartphones and tablets, to notebooks and home PCs, to the latest high-end, multi-GPU gaming desktops. And it's not just for Windows. With 3DMark you can compare your scores with Android and iOS devices too. Here (below) are 3DMark FireStrike results. FireStrike is the new showcase DirectX 11 benchmark designed for high-performance gaming PCs.
